

- The playable starts with an animated hand showing the player what to do.
- The objective for the player is to merge the cars of the same color to create a bigger car.

- Once the red and blue cars are merged into a bigger car. The bigger versions can be merged into a police car.
- When the cars are merged into a police car, the player has won.

- In the end card, there should be a popup with the police car and a text popup 'AMAZING'.
- The x-ray shine should be rotating and the confetti should fall.
- The 'lets play' cta should send the player to the App store.
